

Bonnie Olsen, Ph.D. is a clinical psychologist with extensive experience as a geropsychologist working in academic medicine. In her clinical role she provides cognitive assessment in an interprofessional geriatric primary care setting. As the Vice Chair for Research in the Department of Family Medicine at the Keck School of Medicine at USC, Dr. Olsen is principal investigator in several research and program grants that support interprofessional geriatric education and elder abuse prevention and response. She has expertise related to elder abuse in the context of dementia, assessment of capacity, and the intersection of elder abuse and the Court. She has been a member of the Judicial Council of California, Mental Health & Probate Committee since 2019 and has remained dedicated to community service throughout her career.
